Our team will assist you with your inquiries, explain the process, and help you take the first step toward advanced and personalized care.

2. Schedule your consultation

Once you contact us, you can schedule a consultation based on your preferences:

- **Online Consultation:** Ideal for patients who prefer to discuss their medical history and needs remotely before planning their visit.
- **In-Person Consultation:** Conducted at our state-of-the-art clinic in Tijuana, where you'll receive a detailed evaluation.

Our specialists will review your history, provide expert insights, and recommend a tailored plan for your condition.

3. Endometriosis Mapping and Diagnosis

We offer comprehensive diagnostic services to ensure precise evaluation of your condition.

- **Advanced Imaging:** Cutting-edge ultrasound and MRI techniques to map endometriosis and identify the extent of the condition.
- **Timeline:** Your diagnostic evaluation can be completed within 24 hours of your arrival in Tijuana.
- **Expert Report:** Our team will provide a clear, detailed diagnosis and propose a personalized treatment plan for you.

4. Treatment Options

Based on your diagnosis, we'll develop a treatment plan that aligns with your goals.

Options include:

- **Minimally Invasive Surgery:** Specialized laparoscopic techniques for precise excision of endometriosis.
- **Medical Management:** Hormonal and non-hormonal therapies designed to manage symptoms and improve quality of life.
- **Fertility Support:** Including fertility preservation, egg vitrification, IVF, and advanced reproductive techniques.
